

Statement from Sheriff David Clarke:

"I find this platform nothing more than warmed-over liberal talking points. That this nonsense talks about concern for violent criminals and says nothing about the victims left in their wake demonstrates the insensitivity of their platforms. The people lawfully held in jail have been accused of murder, rape, armed robbery, domestic violence, child abuse, carjacking, heroin and other opiate-based narcotics distribution. Jails and prisons ARE an evidenced-based, effective crime control tool.

Ask these insensitive mush minds if they support the continued victimization and misery that will occur if these human predators are not separated from law abiding society?

Ask these misguided miscreants if they support protecting the First Amendment rights of people whose views run counter to their own, like mine?

Ask them if they realize that the United States is a sovereign nation and as such has a right and a need for border enforcement, just like any other sovereign nation on the planet. In fact, no other nation has a lack of immigration enforcement like the US. Do they know that illegal immigration drives down wages of workers legally here in the US?

Tell them to put down their lib talking points and read the US Constitution - Article 1. Under the rule of law it says that it is the *Congress* that sets rules on immigration. Tell them to read further in Article 6, the Supremacy Clause which says that the *Constitution* is the law of the land and that no state can create laws that override the Constitution. We are not a nation of men, nor are we a nation of immigrants, we are a nation of laws.

These are all things I learned in grade school and high school history class. This group of rabble-rousers who makes these demands must have skipped school when it was taught. They were probably out attending a pro-criminal, cop-hating, pro-illegal immigration rally.

I took an oath to support and uphold the Constitution of the US and of Wisconsin and the laws of the state. I will not be bullied by this group of socialist misfits."
